

VFW Post 10148

Meeting led by District 8 Administrative Team

Thursday, September 5, 2019

6:00 - 7:15 PM

Key Takeaways:

- The "Administrative Take-over" attempted by 2 Post Officers and 3 Post members was wrong and the attempt once communicated to Department by District is what prompted the Post suspension.

- The suspension as directed by Department is for 90 days (commencing 08/12/19) and could be shorter or longer based on the performance of the Post.

- The loss of a Post charter results in the loss of all property and all Post funds with both being turned over to Department.

- The House Committee in place as of 08/12/19 is gone except for the Post Commander and the Quartermaster.

- The Security Manager position is gone.

- The current Post Officers and Trustees are still in place.

- The House Committee does not dictate to the Post instead its responsibility is to bring proposed actions to the Post members for approval.

- The House Committee does not control or spend Post funds without the approval of the Post members.

- Post checks require the signature of the Quartermaster and the Post Commander.

- The next Post General Meeting is **September 18th** at which time nominations and elections will be held for Junior Vice and a Trustee.
